### PRIMARY CARE initiated

first Dominican teammates hired, including **4 community health promoters**, and **doubled Honduras team**

### HONDURAS

research article published on outcomes and cost-effectiveness  
hosted orthopedic conference for Honduran medical professionals

## OUR IMPACT

### WE IGNITE THE SPIRIT OF SERVICE TO BRING HEALING AND HOPE TO THOSE IN NEED.

At **One World Surgery**, transforming lives is at the heart of our mission. It inspires our collective commitment and informs every decision we make. As a nonprofit dedicated to confronting the lack of quality surgical care globally, we partner with communities, healthcare providers, and healthcare business leaders to deliver surgical and primary care services that alleviate pain and suffering and allow patients in need to return to health.

**One World Surgery is committed to creating a world without health disparity.** We currently fund and operate a surgery center in Honduras delivering U.S. standards of care, and we broke ground this year on our second site in the Dominican Republic. Both centers are on the grounds of our partner, Nuestros Pequeños Hermanos (NPH), a charitable organization that provides care for thousands of disadvantaged and abandoned children in Latin America and the Caribbean.

Through the hosting of week-long medical missions, **we strive to bring the best possible care to those in need in Honduras and the Dominican Republic.** Volunteer health care providers strictly follow best clinical practices and partner with local communities to provide innovative, sustainable and dignified healthcare.

## OUR FUTURE

To realize our vision of a world with safe, timely, and accessible surgical care, **we are excited to announce the opening of new surgery center in the Dominican Republic in early 2021.** It is a deliberate and prudent strategic decision to expand our impact and address an unmet need for Dominicans and Haitians who cannot otherwise access healthcare services.

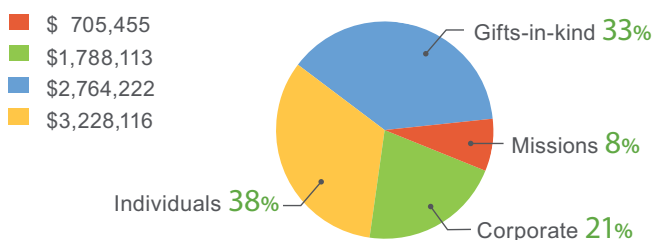

We are building on our model in Honduras, partnering with the local NPH home in a country with political stability and strong support from the local community. Our site in the Dominican Republic will include primary care services to deliver essential preventative care and a surgery center to provide desperately needed operations. We will create the same responsible, caring environment we have in Honduras, working alongside the Dominican community, and expanding medical missions to a new country for One World Surgery, further spreading the passion to serve.

**WE ARE EXCITED TO SHARE THIS NEXT STEP WITH YOU. TO LEARN MORE ABOUT OUR PLANS FOR 2020, CONNECT AT [ONEWORLDSURGERY.ORG](http://ONEWORLDSURGERY.ORG) OR FOLLOW AT [FACEBOOK.COM/ONEWORLDSURGERY](https://www.facebook.com/ONEWORLDSURGERY).**

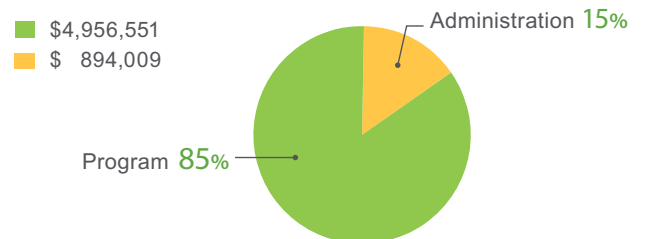

## FINANCIALS

Thanks to the hard work and generosity of so many, **2019 WAS OUR MOST IMPACTFUL YEAR YET.** We were able to raise **\$8,485,906** in monetary and gifts-in-kind donations, provide **1,400 surgeries**, and change more lives than ever before!

### REVENUE \$8,485,906

### EXPENSES \$5,850,060
