May 2022

We invite you to join us at the Cantigny Golf Course on Thursday, August 25th, 2022, in support of One World Surgery, a nonprofit organization that is near and dear to our hearts.

Many of you have heard the story of our dear friends Dr. Peter and Lulu Daly who first visited Honduras in 2003 and have since made it their mission to provide life-changing medical and surgical care to all those who need it. Their surgical work in Honduras began in a trailer and has grown to a well-equipped surgery and primary care center.

Due to the impact and success of the Honduras model, along with the pressing need for medical care, One World Surgery is building a 25,000 square foot surgery center and primary care clinic in the Dominican Republic to serve the local Dominican and Haitian communities. Our local physicians and medical mission volunteers have already been providing primary care consults to the community, and our goal is to host our first surgical mission by the end of 2022.

Your generosity has made it possible for One World Surgery to expand its outreach, and together we're making a difference in the world. We look forward to seeing you at this year's event.

Sincerely,

Kevin & Sue Spahn
