2024 MEDICAL MISSION APPLICATIONS NOW OPEN

APPLY TODAY

During weeklong medical missions, physicians, clinical, and general volunteers come together to transform patient lives through surgical and primary care. Whether you come solo or with a friend or family member, your support plays a vital role in the One World Surgery family.
VOLUNTEER OPPORTUNITIES

CRITICAL CLINICAL ROLES

Are you an anesthesiologist, CRNA, surgical tech, or nurse? These clinical roles are vital to the success of our surgical medical missions.

OTHER MEDICAL ROLES

Our medical missions require a diverse range of medical roles, including physical therapists, phlebotomists, non-surgical physicians, and more.

GENERAL VOLUNTEERS

General volunteers play a crucial role in supporting logistic, administrative, and operational aspects of our missions. Your dedication helps create a seamless and impactful experience for patients.

NEXT STEPS

Learn More: Visit our website to explore our mission, stories from past missions, and testimonials from volunteers.

Mission Calendar: Our mission calendar provides an overview of the upcoming medical missions in 2024. Find the mission that aligns with your schedule and interests.
