# Teammate Giving: the League of Champions

- To make 2023 the most successful year of Teammate Giving yet, we want to leverage our most important asset: **YOU!**
- We are asking teammates who have participated in a **Medical Mission in the last two years** to help spread the word and increase participation in Teammate Giving by serving as **Teammate Giving Champions.**
- With your help, we can **ignite the spirit of service to bring healing and hope to those in need!**
- On the line are **special prizes for Champions and the donors they refer.**

# How it Works
