SUMMER SOIRÉE

THURSDAY, AUGUST 22, 2024 | 5:30 PM

This year marks a significant milestone as we proudly celebrate the 20th anniversary of our surgery center's groundbreaking in Honduras.

To date, we have performed over **12,000** surgeries and **118,000** patient consults, and we're only getting started!

20  Years

2004

Surgery center groundbreaking in Honduras takes place and fundraising begins.

2003

Nuestros Pequeños Hermanos (NPH) President, Reinhart Koehler, introduces Dr. Peter and LuLu Daly to a Honduran child named Angela in need of complex surgery, starting the chain of events that led to the creation of One World Surgery.

2008

The Holy Family Surgery Center (HFSC) opens in Honduras, and our first medical mission trip with our partner, Summit Orthopedics, takes place. We begin to host 4-5 medical missions each year, consisting of volunteer physicians, clinical support staff, and their families.

2012

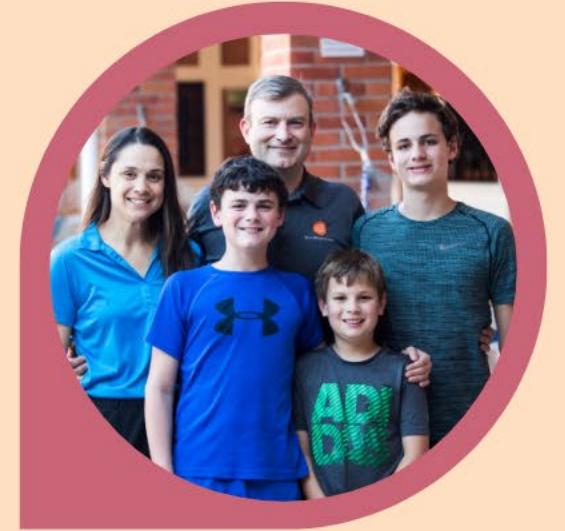

Dr. Bill and Mary Beth Fessler establish a best-in-class dental clinic and program in Honduras.

One World Surgery's History

2014

Andrew Hayek, the then CEO of Surgical Care Affiliates (SCA Health) visits the Dalys with his family in Honduras in search of meaningful volunteer opportunities for SCA teammates. SCA's leadership quickly rallies around our cause as a foundational corporate partner, allowing medical missions to grow exponentially. Dr. Merlin Antúnez becomes the Honduras medical director.

2015

Construction on a clinic and overnight unit is completed in Honduras to serve more patients, including 3 operating rooms, 6 overnight bays, and dental, eye, and primary care clinics.

2017

The Moscati Visitor Center opens in Honduras, housing our medical mission volunteers and providing recreational areas for conferences, fun, and more.

2019

With so much success and growth in Honduras, we replicate our model globally in the Dominican Republic and begin construction on our second site. Our CEO, Claire Cunningham, moves to the DR with her family to support the launch.

2020

In response to the global COVID-19 pandemic, we pause medical mission trips while continuing to provide primary care services in the local community due to the robustness and sustainability of our local team. We launch ophthalmology and orthopedic fellowships to expand our education program.

2022

Dr. Joice Morillo is hired as the Dominican Republic medical director. Hurricane Fiona hits and causes damage to the center, extending the construction process.

TODAY

We celebrate our 20th anniversary. Here's to a magnificent 2024 and 20 more years of transforming lives!

2021

Optum invests in One World Surgery to launch our primary care program. The Dominican Republic primary care center is inaugurated and medical mission trips in the local community resume. Our first ophthalmology fellow graduates and our first orthopedic fellow begins their fellowship journey.

2023

First community health projects take place in the Dominican Republic. Claire Cunningham and Dr. Darren Eblovi move back to the U.S. with their family.

"Countless individuals are still waiting for surgery and care, and we are committed to answering their call as we eagerly anticipate the grand opening of our new surgery center in the Dominican Republic. As we look ahead, we extend our heartfelt thanks to you for being a cherished part of the One World Surgery family. Together, we will continue to heal, innovate, and sustain hope for many years to come.

On behalf of our family, thank you."

- Claire Cunningham

CEO of One World Surgery
