

Service. Healing. Transformation.

General Physician
One World Surgery
Dominican Republic

About the Organization

One World Surgery (OWS) is a nonprofit organization with the vision of a world committed to safe, timely and accessible surgical care. Our mission is to ignite the spirit of service and transform lives by providing access to high-quality surgical care globally. OWS funds and operates the world-class Holy Family Surgery Center in Honduras and construction for a second site in the Dominican Republic is nearing completion. Our nonprofit is dedicated to helping thousands of underserved patients receive surgical and primary care and helping hundreds of physicians, nurses and others contribute to making a positive impact in global health.

One World Surgery has a strong mission-oriented and values-based culture with passionate and highly engaged teammates across the Dominican Republic, Honduras, and the United States. We embody the spirit of service and seek to learn and continuously improve to expand our impact on patients, volunteers, and communities.

Position Summary: The General physician with OWS play a crucial role in providing primary healthcare services in our clinic, and in the communities to all patients and also attend to our surgical patients. This position is responsible for diagnosing and treating a wide range of medical conditions, promoting preventative care, and offering patient education. This position is also responsible for clinical management of all patients identified for follow-up care by volunteer physicians in the communities or the clinical setting. The physician serves as the point of contact for patients seeking medical assistance and collaborates with other healthcare professionals to create precise and achievable care plans for the patient.
